25 School Bus Safety Tips For Kids
School bus is said to be the safest mode of transportation for students existing today.

Encouraging importance of school bus safety tips to parents and kids is given top priority by every school authorities.

Roughly, there are about twenty five million children transported to school via big yellow buses.

Obviously, injuries can happen if the child is careless and hasty while getting on or off the school bus.

By discussing school bus safety rules to children, parents can help to avert some of the avoidable accidents. It is essential to teach kids about various safety rules and regulations.

Following are the 25 school bus safety tips for kids:

1. Arrive at the bus stop prior to scheduled school bus time. It is better to arrive at least 5 minutes earlier

2. Stand at least ten feet away from the edge of the road

3. Wait until the school bus stops, the door gets opened and the driver says okay to get on the bus

4. Assure yourself no objects from the bag is dangling
which get caught either in the handrails or doors while entering or exiting the bus

5. Check the road for other vehicles before stepping off the bus

6. Never stand closer than 10 feet to the bus as drivers will not be able to see you. Hence, stay out of the danger zone.

7. Always be alert to traffic. Look left, right and then left before crossing the road while getting on or off the bus.

8. Stay in a safe place away from the street while waiting for the bus.

9. Never try to pick up things which are near or under the bus, warn the driver before picking it.

10. Remember to cross the road in front of a bus rather than to cross behind the bus

11. Stay seated and sit quietly when the bus is moving

12. Wait for the driver's signal to crossing

13. Do not make loud noises that may distract the driver

14. Use the handrail when exiting the bus
